service in the present war, (a) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

21. (a.) State whether the disability is clearly attributable to—
    (i.) Service during the present war;
    (ii.) Climate;
    (iii.) Ordinary military service;
    (iv.) Want of proper care on the man's part, *e.g.*, intemperance, misconduct, &c.; or
